

What is EZC?

EZ Competency is an online information and tracking system for providers for non-core competency education to meet CMS requirements.

Modules:

Neonatal Sedation
 Pediatric Sedation
 Moderate Sedation
 Deep Sedation
 Fire Safety
 Basic Life Support
 Advanced Life Support
 Neonatal Life Support
 Pediatric Life Support

Why should our institution sign up?

EZC saves time, paper and mailing costs.
 EZC has high success rate of provider completion of modules.
 Completed modules apply to any member institution the provider is practicing.
 Modules are smartphone and tablet compatible.

5 Free Modules for new institutions!!

How does EZC work?

After an institution signs up they:
 Purchase some modules.
 Sign up providers.
 Assign the modules.
 Periodic Automatic Emails are sent by EZC.
 Provider Passes the exam.
 The Exam results automatically sent to each member institution with the provider on staff.
 Module is deducted from the institution total.
 Repeat on the next cycle.
